EDUCATION

KTH Royal Institute of Technology, Stockholm

2012-2017

Currently studying my fourth year of Computer Science and Engineering.

Projects include, among others, a chat- and eventsystem written in Unity3D for the adventure game Dynastica (<http://dynastica.com>)

Rose-Hulman Institute of Technology, Indiana

2014-2015

Took classes in artificial intelligence, operating systems and discrete mathematics.

Projects include a minimalist operating system written in ANSI C, including functionality regarding interrupt handling, memory management and multiprocessing. I also developed an Android application to calculate and display all connected users' caffeine level in real-time.

Natural sciences, mathematics and computer science, Nacka Gymnasium

2010-2012

Graduated with the highest possible grade in all subjects and was awarded a scholarship due to my academic performances.

EXPERIENCE

Söderberg & Partners

April 2014 - Present

System Developer

Stockholm, Sweden

- During the semesters I work part time as the sole developer of the Söderberg & Partners Android Application, having full responsibility for the Android platform specific design and implementation. The application provides functionality for reporting worked hours, viewing payslips and tracking investments.

THS Armada

April 2015 - December 2015

Android Application Developer

Stockholm, Sweden

- I worked with the development of the Android application to be used at KTH's career fair. The fair is annually visited by over 11 000 students and more than 170 companies. The application is designed according to Google's Material design principles and increased visitor engagement at the fair.

Baltic Spot

Summer 2012, 2013

Program Developer

Stockholm, Sweden

- During the summer of 2012 I worked full time developing pathfinding software on ocean maps. During 2013 I wrote a report on how the development of the software should proceed and looked for bugs in one of the company's programs.

OTHER MERITS

Teenager of Älta

June 2009

- Älta Lions awarded me a scholarship and appointed me Teenager of Älta for my academic performances.

Swedish National Champion, Running

April 2010

- Won the team competition at the junior national championships with Spårvägens FK.
